The authority shall be a body corporate and politic constituting a public benefit corporation, the objects of which in the judgment of the legislature cannot be attained under general laws.

2. The authority shall have the power to acquire such real estate and other property as may be necessary for its corporate purposes, to sue and be sued, to incur debts, liabilities and obligations, to issue bonds and other evidences of indebtedness, to have a seal, and to exercise all powers authorized by this title and reasonably necessary for accomplishing its purposes, or properly incidental thereto, subject to the provisions herein contained and to the constitution and laws of the United States and of the state.

3. The authority and its existence shall continue for a period of twelve years and thereafter until all its liabilities have been met and its bonds have been paid in full or such liabilities and bonds have

otherwise been discharged and thereupon all rights and properties of the authority then remaining shall pass to and be vested in the village.

4. The authority shall consist of five members, to be residents of the village and be appointed by the board of trustees on designation of the mayor. 8. Neither the public service commission nor any other board or commission of like character, shall have jurisdiction over the authority in the management and control of its properties or operations or any power over the regulation of rates fixed or charges collected by the authority except as otherwise provided in this subdivision.

Whenever any electrical energy which the authority may acquire creates a surplus over the amount of light, heat and power, in any of such services, required by the residents of the district to which such service is contracted, the authority may sell such surplus in territory outside the district to persons or public or private corporations. In acquiring any facility or property which also serves any municipality or territory outside the district, the authority, if it deems it advantageous and economical so to do, may, with the consent of the board of trustees, serve any such municipality

or territory or sell heat, power or electrical energy to persons, public or private corporations in such territory or to such municipality.

S 1020-h.\* Bonds and notes of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds in conformity with applicable provisions of the uniform commercial code for any of its corporate purposes, including incidental expenses in connection therewith, and to secure the payment of the same by the pledge of the revenues of the authority or by lien on the property of the authority. The authority shall have power from time to time whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any of its corporate purposes. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable out of particular revenues or other moneys of the authority as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject only to any agreements with the holders of outstanding bonds pledging any particular moneys, earnings or revenues.

2. The authority is authorized to obtain from any department or agency of the United States of America or the state or any nongovernmental insurer or financial institution any insurance, guaranty or other credit support device, to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal, or both, or any part thereof, on any bonds issued by the authority and to enter into any agreement or contract with respect to any such insurance or guaranty, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of outstanding bonds of the authority.

3. The bonds shall be authorized by resolution of the authority and shall bear such date or dates, mature at such time or times, except that bonds and any renewal thereof shall mature within forty years of the date of their original issuance and notes and any renewal thereof shall mature within five years of the date of their original issuance, bear interest at such rate or rates per annum payable at such times, be in such denominations, be in such form, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places and be subject to such terms and conditions, as such resolution or resolutions may provide. Such bonds of the authority may be sold at public or private sale for such price or prices as the authority shall determine, provided that no issue of bonds may be sold at private sale unless the terms of such sale shall have been approved in writing by (i) the comptroller, where such sale is not to such comptroller, or (ii) the director of the budget, where such sale is to

such comptroller. The foregoing provisions shall be applicable to bonds issued by the authority notwithstanding the provisions of any other general, special or local law to the contrary.

4. Any resolution or resolutions of the authority authorizing any bonds or any issue of bonds may contain provisions, which may be a part of the contract with the holders of the bonds thereby authorized, as to:

(a) pledging all or any part of the revenues of the authority, together with any other moneys, securities, contracts or property of the authority to secure the payment of the bonds or of any issue of the bonds, subject to such agreements with bondholders as may then exist;

(d) limitations on the right of the authority to restrict and regulate the use of the properties in connection with which such bonds are issued;

(e) limitations in the purposes to which the proceeds of sale of any issue of bonds may be applied and pledging such proceeds to secure the payment of the bonds or any issue of the bonds;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or other moneys of the authority may be deposited;

(i) the terms and provisions of any mortgage or trust deed or indenture securing the bonds or under which bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section one thousand twenty-i of this title, and limiting or abrogating the right of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of its properties or any part thereof;

(m) limitations on the amount of moneys or revenues to be expended for operating, administrative or other expenses of the authority; (n) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters, of like or different character, which may in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any of its properties and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or properties and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. Neither the resolution nor any other instrument by which such pledge or security interest is created nor any financing statement relating thereto need be recorded or filed.

7. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members nor officers of the authority, nor any person executing the bonds shall be liable personally on the bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any funds available therefor to purchase bonds of the authority, which shall thereupon be cancelled.

10. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note. Such notes shall be paid from any moneys of the authority available therefor and not otherwise pledged or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes shall be issued in the same manner as the bonds and such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which the bonds or a bond resolution of the authority may contain. Such notes may be sold at public or private sale for such price or prices as the authority shall determine, provided that no issue of notes may be sold at private sale unless the terms of such sale shall have been approved in writing by (i) the comptroller, where such sale is not to such comptroller, or (ii) the director of the budget, where such sale is to such comptroller.

S 1020-i.\* Remedies of bondholders. 1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county of Albany and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds then outstanding shall, in his or its own name:

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such

bonds;

(e) declare all such bonds due and payable, and if all defaults shall be made good then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of bondholders. The venue of any such action or proceeding shall be laid in the county of Albany.

4. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to the authority.

5. Any such trustee whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue and such receiver may enter and take possession of such part or parts of the properties and subject to any pledge or agreement with bondholders shall take possession of such part or parts of such properties and proceed with any construction thereon or the acquisition of any property, real or personal in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues thereafter arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the properties.

6. Such trustees shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

S 1020-j.\* State and village not liable on bonds and notes. The bonds and other obligations of the authority shall not be a debt of the state or of the village and, subject to section one thousand twenty-o of this title, the board shall have no power to make them payable out of any funds except those of the authority.

S 1020-k.\* Agreements of the state. The state does pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not limit or alter the rights hereby vested in the authority to establish and collect the revenues and other charges

referred to in this title and to fulfill the terms of any agreements made with or for the benefit of the holders of the bonds, or in any way impair the rights and remedies of the bondholders, until the bonds, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders, are fully met and discharged.

S 1020-l.\* Bonds legal investments for fiduciaries. S 1020-m.\* Exemption from taxes. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the village and its environs, and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any of the properties acquired by it or under its jurisdiction or control or supervision or upon its activities or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf.

2. Any bonds issued pursuant to this title, together with the income therefrom, shall be exempt from taxation except for estate and transfer taxes. The revenues, moneys and all other properties of the authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation real estate taxes, franchise taxes, sales taxes or other excise taxes.

The salary or compensation of any such officer or employee shall after such transfer be paid by the authority. But notwithstanding the provisions of this title, any such officers or employees so transferred to the authority, pursuant to the provisions of this section, who are members of or beneficiaries under any existing pension or retirement system, shall continue to have all rights, privileges, obligations and status with respect to such fund, system or systems as are now prescribed by law, but during the period of their employment by the authority, all contributions to any pension or retirement fund or system to be paid by the employer on account of such officers or employees, shall be paid by the authority; and all such officers and employees who have been appointed to positions under the rules and classifications of the civil service commission of the county of Albany shall have the same status with respect thereto after transfer to the authority as they had under their original appointments. S 1020-r.\* Officers and employees not to be interested in transactions. It shall be a misdemeanor for any of the members of the authority, or any officer, agent, servant or employee thereof, employed or appointed by them to be in any way or manner interested directly or indirectly in the furnishing of work, materials, supplies or labor, or in any contract therefor which the authority is empowered by this title to make.

S 1020-s.\* Contracts.
